

Granit Spray Internal Mix

Spray Flakes up to 2.5 mm size...

Granite Spray Equipment

... with granite spray equipment from Paint Service and Wolfangel. Reliable equipment used by several swimming pool producers. Due to the membrane pump and a stainless steel material tank of 220 l for material mixed with granite flakes up to 2.5 mm, even biggest pools can be produced. The Wolfangel Granit Gun with ergonomic handling allows effortless spraying. The pneumatic mixer ensures a proper mix.

The catalyst control guarantees that you'll never produce a part without catalyst.

Granite Gun

Technical Data

(Subject to technical modifications!)

Granite Spray	350
Power	Compressed Air
Power Supply	230 V
Max. Air Pressure	6 bar
Air Consumption	20 l/min
Capacity per Double Stroke	350 cc
Max. Output (dep. on viscosity)	~ 3.0 kg/min
Catalyst Dosing Ratio	1.0 – 4.0 %
