

## iJect touch mini EP

### inJect the easy way...

iJect touch mini EP

Wolfangel's mini RTM machine with PLC iJect touch mini EP footprint is much less than 1 sqm. Thanks to the compact design and mobility it can be moved and placed wherever you like. The 4" colour touch panel allows the control of all iJect touch mini functions. 4 buttons allow easy access to the main functions.

The Siemens PLC ensures repeatable processes and part quality. An automatic flushing system guarants efficient and resource-saving cleaning. The GRP housing keeps the whole system free from materials and dust.

<b>Standard:</b>		
4" colour touch panel High quality piston pumps Volumetric Metering Device	Siemens PLC Automatic flushing system	Pressure controlled injection GRP housing
<b>Options:</b>		
Recipe data base for 25 moulds	Barrel transport cart	Catalyst failure control system

### Technical Data

(Subject to technical modifications)

<b>iJect touch mini EP</b>	<b>25</b>
<b>Power</b>	Compressed Air
<b>Power Supply</b>	230 V
<b>Max. Air Pressure</b>	6 bar
<b>Air Consumption</b>	170 l/min
<b>Capacity per Double Stroke</b>	29,4 cc
<b>Max. Output</b> (dep. on viscosity)	~ 0.8 kg/min
<b>Catalyst Dosing Ratio</b>	5.8 – 100.0%

Depending on catalyst pump (HP 11, HP 17, HP 25)
